In brief

DIYonline is the internet service offering current news, background reports and a core of data for the DIY and garden sector in Germany. Available at www.DIYonline.de is a daily update of news from commerce and industry, which is also sent as a newsletter. Supplementary articles add depth to the current section and to topics included from *diy* Fachmagazin. One major section offers statistics on the DIY retail and garden centre scene, the individual retail groups and different product categories for individual research purposes. All articles published by the online service and in *diy* Fachmagazin can be accessed in the archive. The range is rounded off by further tools that include new products, buyers' guide, previews of the next issue and location check.
